These are the adults that all work in the Pre School Room and outdoor class throughout the week!

Every child is unique and we like to spend time getting to know each of the children and their families. We look forward to talking to and having fun with the children, discovering their interests from which we will plan future fun experiences. We have fun at nursery inside and outside where we explore, risk take and have many adventures.

Throughout the year we invite people into nursery to share their knowledge and expertise with us. We will also go out on trips, following our interests. If any parents have any special skills or interests please share these with us. This will continue to support our learning journey to be full of rich exciting experiences.

If you need any help or have any questions please ask one of us.

Have fun,

The Pre School Team
